

A/M Pendant Small

Archaic Modern is a collection of luminaires inspired by materials, archetypes and technologies from the remote past; produced in an amalgam of ceramic, salt and brass.

A petite downlight with terraced clay surfaces and soft ambient glow. A hefty brass disc provides a sturdy platform and junction between ceramic and salt. The partially-enclosed shade base captures light, redirecting it upward into the variegated salt bead above, lending warmth to the arduous task light below.

A/M Glaze Palette

Shades are cast in mineral-rich clay and adorned with mica-laden glazes producing soft glimmering and time worn surfaces—developed to emphasize an interdependence between minerals in the clay and glaze.
